Academy

Think different Academy is a non-profit organization with a focus on developing critical and creative thinking among students and the general public.

We are currently developing an educational platform that aims to show that learning doesn't have to mean endless reading of academic texts. Instead, it can be engaging, interactive, and fully online.

Our goal is also to make online teaching easier and more enjoyable for lecturers by providing them with tools which can help them pass on their knowledge and expertise more effectively and with greater impact.

Our font of choice is the font "Dosis". It's round and feels playful, so it's important to approach it that way. Each font has their own characteristic features.

You can use our mascot "Tada" in your icon designs.
